#### **TO ALL CONCERNED PERSONS AND AGENCIES:**

Enclosed are tentative Waste Discharge Requirements (NPDES No. CA0079731) and related documents for the City of Redding (Discharger) Clear Creek Wastewater Treatment Plant (Facility), in Shasta County. To be given full consideration, any comments or recommendations you may have concerning the tentative Order must be submitted in writing to the Central Valley Regional Water Quality Control Board (Central Valley Water Board) office by **5:00 pm on 20 January 2017**. Written materials submitted after **5:00 pm on 20 January 2017** will not be accepted and will not be incorporated into the administrative record if doing so would prejudice any party. A Public Hearing has been scheduled for the Central Valley Water Board to consider adoption of the tentative Order at its **23/24 February 2017 Board Meeting**. The Notice of Public Hearing (4 copies) and a copy of a Proof of Posting form are also enclosed. Regulations require that the Discharger publish the Notice in a local newspaper (e.g., The Record Searchlight) for one (1) day. The expense of the publication is to be paid by the Discharger. Additionally, regulations require the Discharger to post one (1) copy of the Notice at the nearest city hall or county courthouse, one (1) copy at the post office nearest to the Facility (if allowed), and one (1) copy at the public entrance to the Facility. Please post the Notice as soon as possible and provide proof of posting and publication to this office by **23 December 2016**. Use the enclosed form for proof of posting. Proof of publication shall consist of an affidavit from the newspaper along with a copy of the published Notice.

To conserve resources, this letter transmits a paper copy of the tentative documents to the Discharger only. Interested persons are advised that the full text of the tentative documents is available on the Central Valley Water Board's web site at:
